

Accessibility Policy

The Wheatland County Food Bank is committed to ensuring that all individuals, regardless of their abilities, have equal access to our services. We strive to respect the dignity and independence of every community member and provide an inclusive and welcoming environment.

Individuals with disabilities, along with their support persons, service dogs, or guides, are welcome to access our services. These support resources are granted the same right to access as the individuals they accompany, ensuring that no one is excluded from receiving the assistance they need.

If any barriers to accessing our services arise, the Wheatland County Food Bank will take proactive steps to remove them. We encourage individuals to communicate their specific needs, and we will work collaboratively to identify alternative solutions to ensure everyone has the opportunity to benefit equitably from our services.
